3 Items for Discussion:

(1) School Security - Canteen

Complex issue, comes under the auspices of School Council. However main target is the Canteen and Tracey Bentley is a P & C employee. And the canteen is a P & C investment.

Graham has submitted an application for joint funding – no response has been received yet. No money to progress with the alarm system at present. Options tabled (Refer Security Options) but all involve considerable expense and no guarantee of eliminating break-ins.

Since fence has been erected the amount of damage has been reduced 10 fold.

Discussion as to what minor preventative measures can be done to possibly slow or reduce the damage done to the canteen. P & C in agreement that they wish to put in some minor preventative measures that will hopefully deter/limit the damage that can be done to the canteen that is the P & C investment.

The P & C will commit up to \$1000 to cover lights, signage and modest security measures that Mr Marks feels will be appropriate.

(2) P & C communication

Emails are part of our life now, group emails can be useful in a group discussion. Important that people's opinions can be shared and are validated, emails can be useful to discuss and share thoughts on an issue prior to a P & C meeting where a decision can then be made as a group.
